The Arc Maryland Mission Statement

The Arc Maryland works to create a world where children and adults with intellectual and developmental disabilities have and enjoy equal rights and opportunities.

The Arc - Core Values

People First

The Arc believes that all people with intellectual and developmental disabilities are defined by their own strengths, abilities and inherent value, not by their disability.

Equity

The Arc believes that people with intellectual and developmental disabilities are entitled to the respect, dignity, equality, safety, and security accorded to other members of society, and are equal before the law.

Community

The Arc believes that people with intellectual and developmental disabilities belong in the community and have fundamental moral, civil and constitutional rights to be fully included and actively participate in all aspects of society.

Self-Determination

The Arc believes in self-determination and self-advocacy. People with intellectual and developmental disabilities, with appropriate resources and supports, can make decisions about their own lives and must be heard on issues that affect their well-being.

Diversity

The Arc believes that society in general and The Arc in particular benefit from the contributions of people with diverse personal characteristics (including but not limited to race, ethnicity, religion, age, geographic location, sexual orientation, gender and type of disability).

Award honorees will be selected based on accomplishments of individuals or groups, working for the advancement of people in accordance to The Arc's Core Values, Position Statements and Mission. To obtain a copy of The Arc's Position Statements, go to www.thearc.org.
